

TECHNICAL INFORMATION AND SPECIFICATIONS

MICRODOR® PETS

Product description:

Microdor® pets is a biotechnology product that eliminates odours caused by animals. Also suitable for any place in which odours occur (bathrooms and toilets, shoes, drains, textiles and curtains, carpets, upholstery, bins, etc.) Does not affect animals' olfactory instinct.

Manufactured from substances derived from renewable resources of natural origin.

Product formulated with strictly non-pathogenic microorganisms, according to European Directive 2000/54/EC.

Formula based on natural microorganisms, surfactants and perfumes.

Instructions for use and dosage:

Spray directly all over the surface. Can be used as a direct cleaner. Does not need to be rinsed off.

Shake before use.

Specifications:

Appearance: Liquid Density (g/ml): 1.00 ± 0.05
